

**BUCCAL, POLAR AND NON-POLAR SPRAY OR CAPSULE CONTAINING
DRUGS FOR TREATING DISORDERS OF THE CENTRAL NERVOUS SYSTEM**

ABSTRACT OF THE DISCLOSURE

5 Buccal aerosol sprays or capsules using polar and non-polar solvent have
now been developed which provide biologically active compounds for rapid absorption
through the oral mucosa, resulting in fast onset of effect. The buccal polar compositions of
the invention comprise formulation I: aqueous polar solvent, active compound, and optional
flavoring agent; formulation II: aqueous polar solvent, active compound, optionally
10 flavoring agent, and propellant; formulation III: non-polar solvent, active compound, and
optional flavoring agent; and formulation IV: non-polar solvent, active compound, optional
flavoring agent, and propellant.
